Friends, Brad is now 3⅓ years old and is learning the business the right way. Incidently our cuttings and Violet varieties look better than ever this spring and you are sure to be pleased with them.

Potted plants of many varieties not listed here are available at our greenhouses. Visitors are always welcome.

ROOTED CUTTINGS

Rooted cuttings when possible will be clumps of small plants ready to break apart and pot up. However, in some cases, due to heavy sales of very new varieties it may be necessary to ship less advanced cuttings: also when temporarily out of a certain variety it may be necessary to substitute a similar variety or return your money as directed.

ZONOLITE (vermiculite)

Cuttings on arrival should be set in zonolite. Wet zonolite thoroughly with ½ strength solution of soluble fertilizer recommended for violets. Water with plain water thereafter. Remove plantlets when the leaves are about the size of a quarter.

SHIPPING

Rooted cuttings will be shipped only during warm weather from the last of April until the first of November.

MINIMUM ORDER

Minimum order is $5.00 plus $1.00 extra for postage, packaging and Special Delivery, which gets your plants to you quicker and safer. If you do not want them sent Special Delivery please omit 50¢.

NOTICE

We increase the size of the clumps of rooted cuttings on orders over $10.00.

Group No. 6 — Above 4 for $3.00
